Hi Rob,

It is a pitched roof, with concrete tiles to match the main dwelling.

Kind regards,

Thea Travers-Ayre
Technical Administrator

Hi Thea

Sorry I meant the proposed materials of it is flat roof construction, just correcting my last email.

Kind regards Rob

Service news:

The Council has now moved to a new software system for case management. The Planning Development Team is now working to acclimatise to the new system.

The Planning Application portal is active, and we are receiving applications. We are not currently able to publicise any planning applications received since 31 July but are working closely with our system experts to resolve this issue as quickly as possible and hope to be able to publish by Monday 8 September.

The Pre-Application Advice service has now reopened but with a reduced capacity as the team is still acclimatising to the new system.

Please note, statutory timeframes will not be impacted, but you may be contacted to discuss an extension of time for the determination of any outstanding cases in light of the change.
Services without a statutory timeframe may be subject to delays in response.
We apologise for any inconvenience caused during this time and appreciate your patience as we make this change.

Hi Thea

Thanks for the information.

[REDACTED] however, from looking at the application form, The garage roof material is flat roof construction yet this is a pitched roof, please can you confirm the pitched roof materials of the garage roof, I assume it would be to match the existing roof?

Kind regards Rob
