Dear Jennie,

APP/26/00422 | Request to discharge condition 7, 8, 11 and 13 (received 10.06.26). | Land north of Furniss Way, Hayling Island

Thank you for consulting me on this application.

The application is accompanied by a Biodiversity Gain Plan, Habitat Management and Monitoring Plan (HMMP) and a Construction Environment Management Plan (CEMP). Having reviewed these documents I am content that these meet the requirements for conditions 7, 8, and 13.

If you have any queries, please don't hesitate to contact me.

Kind regards,

Tristan

Tristan Norton

In August 2025, the council moved to a new case management system, across Planning Development, Licensing and Environmental Health. This change involved moving 25 years' worth of data from multiple systems into one new system and learning how to use the new system. Our officers have been working hard to continue working throughout the change, but there was a period of downtime, and we are still working through some of the backlog. As a result, our response times are longer than usual, and we apologise for any inconvenience this may cause. Thank you for your understanding and patience.
