Hi Jennie,

Thank you for confirming the fence type, which seems appropriate. No further details needed.

Thanks,

In August 2025, the council moved to a new case management system, across Planning Development, Licensing and Environmental Health. This change involved moving 25 years' worth of data from multiple systems into one new system and learning how to use the new system.

Our officers have been working hard to continue working throughout the change, but there was a period of downtime, and we are still working through some of the backlog. As a result, our response times are longer than usual, and we apologise for any inconvenience this may cause.

Thank you for your understanding and patience.

Hi Jennie,

My client has advised that the fence at the rear, creating a secluded garden area, will be a standard 6x6ft fence roughly where the garage and old 6ft wall were.

Hi Kerry,

The landscape team have asked for further details of the proposed boundary treatment to the rear of the parking space enclosing the rear garden. I can see it says fencing but there's no information on the height or type. Are you able to advise?

Kind regards,

Jennie Fox
