Dear Sir/Madam,

Proposal: Installation of electric vehicle charging hub with associated infrastructure including lighting/CCTV.

Site: Land within Solent Retail Park car park, Solent Road/Brockhampton Lane, Bedhampton, Hampshire, PO9 1AF.

Thank you for your correspondence, please see our comments below regarding the above application.

Development Site is not within Southern Water's Water Supply Area

The development site is not located within Southern Water's statutory area for water supply services. Please contact Portsmouth Water, who are the relevant statutory undertaker.

No Objections

Southern Water has no objections to this proposal.

Please note, surface water should not be disposed of into a public foul sewer and must comply with the Hierarchy of H3 of the Building Regulations. For more details, refer to the Drainage and Waste Disposal: Approved Document H on the GOV.UK website.

Any new connections to the public sewerage system will require a New Sewer Connection application (also known as a Section 106) to be submitted and approved by Southern Water.

Due to legislative changes effective from 1st October 2011 regarding the ownership of sewers, it is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction work, an investigation of the sewer will be required

to ascertain its ownership before any work commences on site. If this happens, please call our Customer Service Desk on 0330 303 0119.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119)
