Subject: Consultation response for APP/26/00679, Havant Thicket Reservoir site.

CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Thank you for inviting comments on this reserved matters application,

Application for approval of all Reserved Matters (siting, scale, external appearance, and landscaping) relating to Phase 7 (Spillway and Pipe) and Phase 8 (Remaining areas of hard and soft landscaping) of the Thicket Reservoir development pursuant to Condition 2 of the S73 consent planning reference APP/24/00312 dated 6th December 2024.

I note the following supporting documents:

Planning statement received 11/09/26.

General arrangement plans 1-5.

Location plan, application boundary.

Conservation Area boundary.

The planning statement mentions that no additional ancient woodland will be lost as a result of the Phase 7 and 8 design.

There is no mention of arboricultural impact or impact to trees and woody vegetation that is owned or maintained by Hampshire County Council Highways.

Therefore, I would raise no objections to this application.

Please do come back to me if you require any further arboricultural input for this application.

Kind regards.

Dave Harris
Tree Officer – External Works.
