

To whom it may concern.

My Name is [REDACTED] it has been brought to my attention that you are seriously changing from the original plans for the Visitor Centre and most worrying, are thinking of opening in the evenings. This will cause the area's nature of been put at even more at risk. This is the first time of me hearing about this and I would imagine that you have not let many people know at all, to allow people the opportunity to object.

I have also heard that you are planning to build the visitor centre over the wet land area, what about the disturbance to the wet land animals, come on be a bit sensible! Where are you planning for all the cars to go?

I am looking forward to being able to sit in the hide and bird watch, and yet, I also hear that this is not going to be accessible to the public. Now, I can understand the need to lock it at night, along with all the gates and entrance points, this must done due to the anti-social behaviour. **Trust me after [REDACTED] you will need to look at this.**

Why do you keep changing what was originally agreed. I understand the need for a reservoir, and I would rather it be that than even more house's, but please, please, please, try to leave the forest and nature around it with the opportunity to heal after you finish the building.

I am still truly concerned about the path on the East Side of the reservoir not being wide enough, I have brought this up many, many times. Trust me, I walk it regularly, I know!

You are more than welcome to contact me, and I would appreciate a response, please see my full name, address and telephone number below.

[REDACTED]

Sincerely,

[REDACTED]
