

Good afternoon,

We had a local Arboricultural Consultant in the area who went to the property yesterday.

He found that the area has been extensively redeveloped since 1976 when the TPO was made.

Trees 5, 6 & 7 are long gone and the Group 1 Sycamores are miles away in the rear garden of a plot in Spinnaker View [they have also been pollarded].

So no restrictions other than the conifers bounding his own garden but they are far enough away.

Please can this be validated and allocated to a planning officer.

Many thanks,

Thea Travers-Ayre
