

7 October 2026

Application Number: APP/26/00662

Site Address: 12 Portsdown Hill Road, Havant PO9 3JX

Dear Sir,

I'm writing regarding the proposal referenced above. While I have no objection in principle to the development, I should like to comment on the lack of screening along the southern boundary in the proposal and the effect this has on the outlook of properties on the opposite side of Portsdown Hill Road.

[REDACTED]  
[REDACTED] there was a hedgerow and trees along the southern boundary of the site. This provided screening [REDACTED] and provided privacy for activity therein.

The hedgerow has been removed over the years [REDACTED]  
[REDACTED] (See the attached photograph 1). I fear this will be more of an issue with the building of two in number, two-storey houses with largely glass front elevations. The same issue must exist for other properties on the south side of Portsdown Hill Road.

This might be resolved by 'conditioning' the planting of trees along the southern boundary of the site.

I raise this matter as a similar thing happened [REDACTED]  
[REDACTED] when development in the adjacent garden removed the hedgerow and trees there. [REDACTED]  
[REDACTED]

Yours faithfully,

[REDACTED]
